Haven't felt this way in a long time
When i'm around you, I would lose track of time, Baby
Ohhh, you drive me crazy
Say, I'm in love with
I'm in love with you
I gotta hear you say it
Oh, I gotta hear you say it
You're the one for
You're the one for me
I gotta hear you say it
Oh, I wanna hear you say it
Me and her together we flyer than propellers
Every time she come around other chicks get jealous
She got fashion sense, when she dress you can tell it
Cuz she very educated, when she talk, that way she sell
it
Shawty high class, never catch a sale
And if her friends in her business tell them hoes quit
medaling
She always hold me down, even when I be rebelling
You a blessing in my world that's word to my Reverend
You got all the tools to be wifey
You cool wit a sense of humor just like me
My future with you that's what excites me
Like the other brothers wanna be just like me
Haven't felt this way in a long time
When i'm around you, I would lose track of time, Baby
Ohhh, you drive me crazy
Say, I'm in love with
I'm in love with you
I gotta hear you say it
Oh, I gotta hear you say it
You're the one for
You're the one for me
I gotta hear you say it
Oh, I wanna hear you say it
I'm so glad, to see you again
Every minute that i'm with you is like a dream
I don't want this to end
You're medicine, baby i'm a fiend I need a dose
Of your love'in
Kick it at the house watching flat screens me and you,

your mama and your cousin

Anything I should be your husband
Every time I feel that adrenalin rushing, faith in you, im
trusting
Meet me at the alter, Tiffany diamonds per for you
deserve this
Haven't felt this way in a long time
When i'm around you, I would lose track of time, Baby
Ohhh, you drive me crazy
Say, I'm in love with
I'm in love with you
I gotta hear you say it
Oh, I gotta hear you say it
You're the one for
You're the one for me
I gotta hear you say it
Oh, I wanna hear you say it
Let me know that you feel the same
Tell me that things will never change
Tell me that you will love forever
Love forever
Love forever
It's crazy lately we been kicking it and spending time
And all this time you been mostly just a friend of mine
We started off with conversations about everything and
now we conversing about us exchanging wedding rings
Let's make it last long, forget about my pass ways
I see the future no more living in the past days
Long as we don't want a court, then we'll forever sing
Let's do it now cuz no telling what tomorrow brings
Haven't felt this way in a long time
When i'm around you, I would lose track of time, Baby
Ohhh, you drive me crazy
Say, I'm in love with
I'm in love with you
I gotta hear you say it
Oh, I gotta hear you say it
You're the one for
You're the one for me
I gotta hear you say it
Oh, I wanna hear you say it
