Champion

Whereâ'd you learn to be so strong?
Every time you fall you know you bounce right back
With more determination every time
With more integrity every time

Oh itâ's got to be said
You came through for us
More times than I could ever count

So thanks a lot
Donâ't you know that I will never forget?
A true soldier committed to the cause in every way
Taking on the front line of our lives
Being there to give the good advice

Oh itâ's got to be repeated
You came through for us
More times than I could ever count

I know things will get better for you

And even if they donâ't I know youâ'll bounce right
back from it
With more love in your heart
And more fire in your soul
And more drive in your blood

With more love in your heart
And more fire in your soul
And more drive in your blood

Oh itâ's got to be repeated
You came through for us
More times than I could ever count

So hereâ's to you
Can still have a laugh at the end of the day
Committed to the cause in every way
A real trooper in our lives

A true champion of love
Where'd you learn to be so strong?
Where'd you learn to be so strong?
