Everyday in our bones the feeling of being fucked with  
beyond tired sick of this bull shit  
What the hell is with all this were gonna change this

Twisting our minds with the lies

I don't ever want to be in a world of make believe  
I don't ever want to change myself just like you 'cause

Kicking us down with the lies ain't gonna change me  
Kicking us down with the lies within in your company  
Kicking us down with the lies ain't gonna change  
nothing  
If I could fly across the sea let someone else deal with  
all this  
If I could rape anyone that pleased me I'd be just like  
you

Twisted our minds with the lies ain't gonna change me  
twisting' our minds with the lies

'cause we can't let go of armor built inside no more  
weakness eyes wide open what you represent  
I feel sickness coming on no more weakness eyes wide  
open

You're so full of shit
