[ Merle ]

Far to sense you'd up and leave that's what you say  
Don't you know that the road can run both ways

[ Bonnie ]

Well I'm so sure before each other we're all wrong  
And I'm tired of always trying to get along

[ Both ]

Well that makes two of us you're not the only one  
Like you I've had enough the end has now began  
I guess I'm just as tired of you as you say you are of me  
And that makes two of us we both want to be free

[ Bonnie ]

I'm all through with trying to make the gold of us  
And I've given up on giving in so much

[ Merle ]

As far as I'm concerned it's over but to pack  
I could walk away and never once look back

[ Both ]

Well that makes two of us...

And that makes two of us we both want to be free
