I just received your letter oh I've waited darling for so
long to hear from you
And you say you love me but you want to know dear if
I've been untrue to you
Yes I love you only and I've been so lonely dear I've
waited for so long
No there's been no other for no one could ever make
me feel the way you do
[steel - ac.guitar]
Please come home and get me take me with you next
time
When you say you'll be ocean blue
I'm so wild about you I can't live without you don't you
feel the same way too
Yes I love you only...
Yes I love you only...
