Virginity, divinity is choking my affinity to laugh  
Out loud.  
Virtually integrity I take myself so seriously, a bath  
Is what I need.  
Apathy, usually strangles my ability to cry.  
Do you know why?  
Ignorantly courageously, ignoring lack of chemistry  
To try  
To live again.  
Why does it seem  
This is a dream  
Who do I fight  
Cause if im wrong the song wont come out right

So evilly  
The enemy  
Tempts me with civility not fair  
What a dirty trick.  
Teases me pleases me heterosexuality is where  
I lose myself.  
Magically tragically it's only heart felt honesty for me  
but im trying to lie. Gracefully tastefully, pursuing acts  
of tragedy you see€¦ I'm not that great.  
If im wrong the sun comes out at night.
