When i see  
You smile at me  
Could it be  
The way that i want it to  
Could my luck  
Be changing now  
Are you really letting me in  
Is the touch  
That you give to me  
Anything that i should be happy for  
I don't know  
But i want it to be

Why can't i walk up to you  
And sweep you off your feet  
And tell you how  
You changed my views  
On everything i see

When you call  
Me late at night  
Do you want  
More than a friendly voice  
Or am i  
Just a crutch for you  
Or are you ready  
To let me in  
I don't know

But i want it to be

Why can't i walk up to you  
And sweep you off your feet  
And tell you how  
You changed my views  
On everything i see

Will i ever find the courage  
That i need  
To make you mine  
And bring you into my life  
And make cold world fine

Why can't i walk up to you  
And sweep you off your feet  
And tell you how  
You changed my views  
On everything i see  
Will i ever find the courage  
That i need  
To make you mine  
And bring you into  
My life and make the cold world fine
