Well the barman say last rounds and he wipes the table  
And he looks over my shoulder, he's looking at  
someone else  
And I see my reflection, it doesn't look like me  
And I feel old and I'm getting older  
I get in my car and I turn on the radio  
They say they play the hits  
But these aint the songs I know  
I hit the ignition and the engine doesn't jump to life  
I think about leaving and I aint feeling right  
Me and Elvis  
We used to be like... drive that Cadillac around in  
Tennessee  
I wanna go to Memphis, I wanna play guitar in Las  
Vegas  
There aint no stopping us baby  
Elvis and Me  
Well I get home and my body's burning  
And I turn on the TV and I see the world is still turning  
But I'm never happy, she's never smiling  
We are playing with fire and we're not learning  
I got my promises but I aint keeping them  
I got a big bed at home and there's someone else  
sleeping in  
Don't wanna walk anymore, can't stop running  
I got nowhere to go I got no destination  
Me and Elvis  
We used to be like... drive that Cadillac around in  
Tennessee  
I wanna go to Memphis, I wanna play guitar in Las  
Vegas  
There aint no stopping us baby  
Elvis and Me  
Well I pay for the coffee but she hasn't touched a drop  
I become just a little invisible and she fixes her make  
up  
I'm gonna get in my car and if it goes I'm gonna go  
somewhere else  
She looks me in the eyes and says man U wanna get  
away from here  
I wanna make you mine, really I wanna disappear

I wanna get in my car and if it goes I'll be rolling down  
the road  
I'll go somewhere...  
Me and Elvis  
We used to be like... drive that Cadillac around in  
Tennessee  
I wanna go to Memphis, I wanna play guitar in Las  
Vegas  
There aint no stopping us baby  
Elvis and Me
