Have you seen my girl?
She's the one with the curly hair
She was sitting just right over there
Now she's nowhere to be found
I think she's mad at me
I don't know why
Maybe 'cause i made her cry
When i told i was down

She only likes me when I'm high
She's always trying to get me stoned
She wants to see me in her sky
She has to have me there alone
She's got me on my knees
Begging' baby, baby please
Don't hurt me no
Don't hurt me so

As a gentle man
I do everything i can to be
A law-abiding kind of energy
Yet stimulating all the while
But when she comes around
I don't know why

I always go to ***** far
And end up puking
On the bathroom tile
OH MY!

She only likes me when I'm high
She's always trying to get me stoned
She wants to see me in her sky
She has to have me there alone
She's got me on my knees
Begging' baby, baby please
Don't hurt me no
Don't hurt me so

When she comes around
I don't know why
I always let her drag me down
But can i leave it all behind

She only likes me when I'm high
She's always trying to get me stoned
She wants to see me in her sky
She has to have me there alone
She's got me on my knees
Begging' baby, baby please
Don't hurt me no
Don't hurt me so

She's tracking
She tracks me down
She's bound
To track me down

(keep repeating)
