All eyes on me
Catastrophe
I don't believe astrology
What i choose
I pay my dues
That's all okay
My egos bruised

Hear the sounds
Falling from their mouths
Falling from their mouth
And i know
There's no one left to blame
Its me who that went insane
Can't put out the flame
Along the walk of shame

Last night i spent
Throwing out my scent
That really wasn't
What i meant
Eyebrows i raised
In a drunken haze

And I'm the only one who pays

Ohhh no!
Everybody knows!
Everybody knows!!

And i see
There's no one left to blame
Its me who that went insane
Can't put out the flame
Along the walk of shame

Hear the sounds
Falling from their mouths
Falling from their mouth
And i know
There's no one left to blame
Its me who that went insane

Can't put out the flame
He's the only who came
Along the walk of shame
