Bore me out with your new drill
I'm feeling hollow now
Capable of anything
I'm not rational
Build me up when I'm down here
Show me how you care
Get the message once again
And fall away, fall away

Yeah here I go again
I'm going off the deep end

When you find me lying here
And I'm clinging to the fuse
Don't try to stop me 'cause
There's nothing you can do

Feels so good when I'm sober
Nothing phases me
Until the darker side of me
Comes alive, comes alive

Yeah here I go again
I'm going off the deep end

When you find me lying here
And I'm clinging to the fuse
Don't try and stop me 'cause
There's nothing you can do
Except watch me detonate
Then you'll see inside of me
All those things that I
Never want to be

And the message is
Just don't wait for me
'cause I can't change

Yeah here I go again
I'm going off the deep end

When you find me lying here
And I'm clinging to the fuse
Don't try and stop me 'cause
There's nothing you can do
Except watch me detonate
Then you'll see inside of me
All those things that I
Never want to be

And the message is
Just don't wait for me
'cause I can't change
