I want you to know that I see  
All the reasons why you fail  
I've seen all your motivations  
Ones for good and ones for hell

When you close your eyes to see  
The truth that's inside me  
May you hold your breath to breathe  
Your empty reality

If you had eyes to see  
Down inside your stomach  
Then you would understand  
What I mean  
Who I am  
Who I am

I was pouring out of passion  
To light the step you're on  
You choose not to hear or waken  
All that's left is you alone

When you close your eyes to see  
The truth that's inside me  
May you hold your breath to breathe  
Your empty reality

If you had eyes to see  
Down inside your stomach  
Then you would understand  
What I mean  
Who I am  
Who I am

You can't limit me  
With all your gross mistakes

If you had eyes to see  
Down inside your stomach  
Then you would understand  
What I mean

Who I am  
Who I am
