"Justice And Mercy"

We can't be oblivious
We are not ignorant
Blood in our hearts
Blood on our hands
We're human, we reason, we're breathing, protecting
The living and dying, surviving, we're trying
To breathe in safety
Come home safely

Mercy screams it's violent love
Justice and mercy
Justice and mercy
The depth of us created for
Justice and mercy
Justice and mercy
This is where they kiss

Life here sacrificed
Someone who paid the price
Blood in our hearts
Blood on our hands
We're crying, we're fighting, it's warfare, we're dying
Believing we're winning, it's ending, we're singing
It's already done
We've overcome

Mercy screams it's violent love
Justice and mercy
Justice and mercy
The depth of us created for
Justice and mercy
Justice and mercy
This is where they kiss

With a life on the line (fire)
That consumes or refines (fire)
To ascend or decline
To retreat or to climb
Out of sight out of mind
?Til attacked from behind
Will this fire consume or refine

Mercy screams it's violent love
Justice and mercy
Justice and mercy
The depth of us created for
Justice and mercy
Justice and mercy
This is where they kiss
