"Perfect"

Sick of circling the same road
Sick of bearing the guilt
So open the windows to cool off
And heat pours in instead

Perfect in weakness
I'm only perfect in just your strength alone

All my efforts to clean me
Leave me putrid and filthy
And how can you look at me
When I can't stand myself

I'm tired to be honest
I'm nobody

Perfect in weakness
I'm only perfect in just your strength alone

Perfect in weakness
I'm only running in just your strength alone

I tried to kill you
You tried to save me

You save me
You save me
You save me
You save me

Perfect in weakness
I'm only perfect in just your strength alone

Perfect in weakness
I'm only running in just your strength alone
