The endless ocean of high emotions
That's what you're dreaming about
Unforbidden pleasures, one billion treasure
Man, you've got your head in the clouds

Swimming in this turmoil you can't avoid
Playing the role of toy
Come on, wake up and have a look at your life
Come on, you'll see that something hasn't been right
You get your breath to dive into

Luxurious living that you believe in
Is all you need to succeed
This is your shelter where you feel much better
You pay to real life no heed

Swimming in this turmoil you can't avoid
Playing the role of toy
Come on, you feel like going out of your mind
Come on, you dreams of nothing got you confined

What about your love you ain't dreaming of
Isn't it enough to love and to be loved, ah, ah

There'll be tomorrow and there'll be no sorrow
There'll be a time for your love
You dream is over but you want another
Man, don't you think it's enough

'Cos swimming in that turmoil you won't avoid
Playing the role of toy
Come on, wake up and have a look at your life
Come on, you'll see that something hasn't been right
Come on, you feel like going out of your mind
Come on, you dreams of nothing got you confined

You get your breath to dive into (luxurious living)
You get your breath to dive into (that you believe in)
You get your breath to dive into (unforbidden pleasures)
You get your breath to dive into (one billion treasure)

You get your breath to dive into...
