Always the first one to smile  
and noone knows  
how she hides this pain inside  
but still it grows  
shell say that shes okay  
and lie again  
all she wanted was a friend  
all she wanted was a friend

(too late)  
it's much too late to save today right now  
(to save)  
all she had was all this weight pressing down  
(today)  
all these broken dreams like movie scenes  
they play  
in her head, her head

she gave all that she knew  
and its all because of you

it's your choice to make  
don't give your life away, today

Always the last one to cry  
and it shows  
how she chose to live her life  
like there's no hope  
choking down another pill  
to make this end  
all she needed was a friend  
all she needed was a friend

you say you wanted more  
than this life gives  
yet give up  
on living it

you say you wanted more  
than this life gives  
so don't give up  
on living it
