And He set me on fire, and I am burning alive
With His breath in my lungs I am coming undone
And he set me on fire and I am burning alive
With his breath in my lungs I am coming undone

And I cannot hold it in and remain composed
Love's taken over me and so I propose the letting
myself go
I am letting myself go

You are my joy
You are my joy
You are my joy
You are my joy

You are my joy
You are my joy
You are my joy
You are my joy

Everlasting, your light will shine when all else fades
Never ending, your glory goes beyond all fame
And the cry of my heart is to bring you praise
From the inside out
Lord my soul cries out

Everlasting, your light will shine when all else fades
Never ending, your glory goes beyond all fame

And the cry of my heart is to bring you praise
From the inside out
Lord my soul cries out
