Its your eyes, its how I go, its how you lead me around  
but was it even worth it? IÂ'm forced to say  
but IÂ'm hopeful yeah weÂ're hopeful

At first you get by when youÂ're fooling around  
it must be nice how you get me down  
when you frown  
when you frown

Cause its your eyes that I fall for every time  
they captivate  
and when I ask for explanations  
you know where IÂ'll give in  
I donÂ't think IÂ'll let this go again  
YEAH

its your eyes, I think IÂ'm through, yeah IÂ'm done with  
you

and no it isnÂ't worth it IÂ'm forced to say  
yeah youÂ're hopeless, weÂ're hopeless

At first you get by when youÂ're fooling around  
it must be nice how you get me down  
when you frown  
when you frown

Cause its your eyes that I fall for every time  
they captivate  
and when I ask for explanations  
you know where IÂ'll give in  
I donÂ't think IÂ'll let this go again  
YEAH
