"Beautiful Bride"

Unified, diversity
Functioning as one body
Every part encouraged by the other
No one independent of another
You're irreplaceable
Indispensable,
You're incredible
You're incredible

Beautiful bride
Body of Christ
One flesh abiding
Strong and unifying
Fighting ends in forgiveness
Unite and fight all division
Beautiful bride

Strengthen your arms now
Train your fingers for battle
Urgency's here now
Train your fingers for battle
Fighting this violence
With your feet wrapped in peace
Sad tears and silence
Now screams of joy
Victory

Beautiful bride
Body of Christ
One flesh abiding
Strong and unifying
Fighting ends in forgiveness
Unite and fight all division
Beautiful bride

Beautiful bride
Body of Christ
One flesh abiding
Strong and unifying
Fighting ends in forgiveness
Unite and fight all division
Beautiful bride

We're not gonna fall and forget
How far you went to pick us up
If one parts hurt the whole bodys sick
If one part mourns we all mourn with Him
Rejoice, we'll sing with you
Hallelujah,
Hallelujah,
Hallelujah,
Hallelujah

Beautiful bride
Body of Christ
One flesh abiding
Strong and unifying
Fighting ends in forgiveness
Unite and fight all division
Beautiful bride

Beautiful bride
Body of Christ
One flesh abiding
Strong and unifying
Fighting ends in forgiveness
Unite and fight all division
Beautiful bride
