You try
Your hardest
To perfect your explanations...
You lie.
Until they've run out
Of questions

You can only move as fast as,
Who's in front of you,
And if you assume,
Just like them,
What good will it do,
So find out for yourself
So your ignorance,
Will stop bleeding through.

Only one thing.

Big enough to fill the void that's inside of you.
It's just a breath away.

You can breathe today.

So many lies swirling,
Around you,
You're suffocating,
The empty shape in you,
Steals your breath,
You're suffocating.

Logic forces me to believe in this,
And I have learned to see,
And I can only say what I've seen and heard,
And only you can choose,
And every choice you make will effect you,
Search your own self.

You can breathe today.

So many lies swirling,
Around you,
You're suffocating,

The empty shape in you,
Steals your breath,
You're suffocating.

B R E A T H E!

Big enough to fill the void that's inside of you,
It's just a breath away.

So many lies swirling,
Around you,
You're suffocating,
The empty shape in you,
Steals your breath,
You're suffocating.

You can breathe today

Breathe today.
