Too late this is not the answer
I need to pack it in
I can't pull your heart together with just my voice alone
A thousand shards of glass I came to meet you and
You cut the piece out of me
And as you ripped it all apart that's when I turned to
watch you
And as the light in you went dark I saw you turn to
shadow
If you would salvage some part of you that once knew
love
But I'm losing this, and I'm losing you

Oh I've gotta turn and run
From faces that you never see
Oh, I've gotta save my blood
From all that you've broken
I hold these pieces of me

It's too late now to stop the process
This was your choice, you let it in
This double life you lead is eating you up from within
A thousand shards of glass you pushed beneath my
skin
And left my lying there to bleed
And as you showed me your scars
I only held you closer
And as the light in you went dark
I saw you turn over
I wanted always to be there for you and close to you
But I'm losing this,
And I'm losing you

Oh, I've gotta turn and run
From faces that you never see.
Oh, I've gotta save my blood
From all that you've broken
I hold these pieces of me
(The broken pieces)
I hold these pieces of me
(The broken pieces)

And I hold these pieces

Maybe without me you'll return
To all the beauty I once knew
But if I stay I know
We will both be drowned by you holding onto me

Oh, I've gotta turn and run
From faces that you never see
Oh, I've gotta save my blood
From all that you've broken
And I hold these pieces of me
(The broken pieces)
I hold these pieces of me
(The broken pieces)
And I hold these pieces of me
