Contemplating you  
Is like a dream  
I never want to wake up  
When I finally see  
Perfect circles turn  
In orbit, following a  
Perfect path from your  
Perfect hands

When I look into your eyes  
It's a world I can't believe  
I see my destiny  
To be like you

Whispering fingertips  
Leave your fingerprints  
All over everything

Contemplating you  
Is like a dream  
I never want to wake up

When I finally see  
Perfect circles turn  
In orbit, following a  
Perfect path from your  
Perfect hands

Whispering fingertips  
Leaves your fingertips  
All over everything

When I look into your eyes  
It's a world I can't believe  
I see my destiny  
To be like you

Whispering fingertips  
Leaves your fingerprints  
All over everything
