In our endeavor we are never seeing eye to eye  
No guts to sever, so forever may we wave goodbye  
And you're always telling me that it's my turn to move  
When I wonder what could make the needle jump the groove

I won't fall for the oldest trick in the book  
So don't sit there and think you're off of the hook  
by saying there is no use changing 'cause  
That's just what you are  
That's just what you are

Acting steady, always ready to defend your fears  
What's the matter with the truth, did I offend your ears?  
By suggesting that a change might be a thing to try  
Like it would kill you just to try and be a nicer guy

It's not like you would lose some critical piece  
If somehow you moved point A to point B  
Maintaining there is no point changing 'cause  
That's just what you are  
That's just what you are

Now, I could talk to you 'til I'm blue in the face  
But we still would arrive at the very same place  
With you running around  
And me out of the race

So maybe you're right nobody can take something  
older than time  
And hope you could make it better  
That would be a mistake  
So take it just so far  
'Cause that's just what you are  
That's just what you are
