There she was, time stopped when she walked by
She's an angel of fashion, with her wings flown high
She's the queen of everybody's social scene
You know what I mean?

She moves like royalty in the flesh
Her hair blows perfectly, never messed
Think I have asthma
'Cause she took my breathe away
Let me tell ya

She moves just like a rocket
Shooting through the sky
Just to make you watch it
Fireworks go off
Whenever she comes my way

She must have been sent from another planet
To break my concentration
And change my understanding
'Cause until now, I thought that
All girls were the same

And now she's coming over, what do I do now?
Says she loves her Jesus and she loves herself
Wish I wasn't wearing this shirt somehow
It's too late now

She moves like royalty in the flesh
Her hair blows perfectly, never messed
Think I have asthma
'Cause she took my breathe away
Let me tell ya

She moves just like a rocket
Shooting through the sky
Just to make you watch it
Fireworks go off
Whenever she comes my way

She must have been sent from another planet
To break my concentration

And change my understanding
'Cause until now, I thought that
All girls were the same

Let me tell ya

She moves just like a rocket
Shooting through the sky
Just to make you watch it
Fireworks go off
Whenever she comes my way

She must have been sent from another planet
To break my concentration
And change my understanding
'Cause until now, I thought that
All girls were the same
