She said, these wasp's nests in your head  
These wasp's nests, these terminals in your head  
These heart swells, these contacts in your head

Oh help no, these vessels  
Our heart swells on these vessels  
Our heart swells up, let's make them explode

Oh help no, these vessels  
Our heart swells on these vessels  
Our heart swells up let's make them explode

Oh, what the hell, she should've said  
Oh, what the hell, we should've said  
Our heart swells up, let's make them explode

These wasp's nests, these contacts in your head  
Once again...  
We could set it on fire for them  
We could set it on fire for them  
We could set it on fire for them  
We could set it on fire for them, for them, for them, for them...

Oh help no, these vessels  
Our heart swells on these vessels  
Our heart swells up let's make them explode

Oh, what the hell, she should've said  
Oh, what the hell, we should've said  
Our heart swells up, let's make them explode
