"Something"

Visit "[Something](#)" on MotoLyrics.com

You've been
Tryin to get me open
Caught out in the open
Everyone is hoping
You'd give anything to take this
Everything to brake this
Everyone is faceless
Give me somethin to believe in
Quick or else I'm leavin
Need a better reason
I know things get complicated
So mis-educated
It's a wonder that we made it.

What a situation
Under speculation
What are facin
Too much complications
Lookin for a name an a new generation
A new focus
New destination

I don't wanna look I just wanna find
Can you give me somethin to believe in
Keep your religion don't need your lies
I'm just lookin for one good reason
Feel like it's teenage hunting season
An nothing out there sounds half decent
Who's out there
Who's gonna save us
Before we all fall through the cracks in the pavement

You've been
Tryin to get me open
Caught out in the open
Everyone is hoping
Give me somethin to believe in
Quick or else I'm leavin
Need a better reason
I know I'm never gonna fall in line
So don't even bother wasting your time

I'm a breed of a different kind
Sent back just to invade your mind

What a situation
Under speculation
What are facin
Too much complications
Lookin for a name an a new generation
A new focus
New destination

I don't wanna look I just wanna find
Can you give me somethin to believe in
Keep your religion don't need your lies
I'm just lookin for one good reason
Feel like it's teenage hunting season
An nothing out there sounds half decent
Who's out there
Who's gonna save us
Before we all fall through the cracks in the pavement

And if you don't know what I'm talkin about
It's probly better cuz I'm workin it out
Don't wanna spend my lifetime figurin out
That I could've just said one prayer
And if you know what I'm talkin about
Then together we're both workin it out
Don't wanna spend my lifetime figurin out
I missed the point, now it's over
I missed the point, now it's over
I missed the point, now it's over
I missed the point, now it's over
I missed the point, now it's over
I missed the point, now it's over
