We stumble on the dance floor
Our nervous feet cant keep us up
We try to find the words
But we never expect the unexpected
She a mystery to him
He's a mystery to her
And in the hustle and bustle of all this fun
We try to say those words

Will you, Would you
Can you, Could you
See me after the show tonight
If so then great
But don't be late
This might be a party but it aint no masquerade

Of all the times and all the places
Why does it gotta be here and now
Some lucky boy's gonna muster up the courage
And ask some lucky girl out
He tried to find the words
But all he could do was mumble
And in the hustle and bustle of all this fun
We try to say those words

Will you, Would you
Can you, Could you
See me after the show tonight
If so then great
But don't be late
This might be a party but it aint no masquerade

No need to hide
From each other
Skipping from one Person to another
Lets quit these games
With each other
Skipping from one person to another

Will you, Would you
Can you, Could you

See me after the show tonight
If so then great
But don't be late
This might be a party but it aint no masquerade

No need to hide
Cause it aint no masquerade
No need for these games
Cause it aint no masquerade
No need for the mask
Cause it aint no masquerade
This might be a party but it aint no masquerade
