I remember the times we spent together on those  
drives  
We had a million questions all about our lives  
And when we got to New York, everything felt right  
I wish you were here with me tonight

I remember the days we spent together were not  
enough  
And it used to feel like dreamin' except we always woke  
up  
Never thought not having you here now, would hurt so  
much

Tonight I've fallen and I can't get up  
I need your loving hands to come and pick me up  
And every night I miss you  
I can just look up and know the stars are  
Holdin' you, holdin' you, holdin' you tonight

I remember the time you told me about when you were  
eight  
And all those things you said that night that just  
couldn't wait  
I remember the car you were last seen in  
And the games we would play

All the times we spilled our coffees and stayed out way  
too late

I remember the time you sat and told me about your  
Jesus  
And how not to look back even if no one believes us  
When it hurt so bad sometimes not having you here  
I sing

Tonight I've fallen and I can't get up  
I need your loving hands to come and pick me up  
And every night I miss you  
I can just look up and know the stars are  
Holdin' you, holdin' you, holdin' you tonight

I sing, tonight I've fallen and I can't get up

I need your loving hands to come and pick me up  
And every night I miss you  
I can just look up and know the stars are  
Holdin' you, holdin' you, holdin' you tonight
