She was the rock and roll punk
He was the rebel with a cause
When they first met
There was a dramatic pause
Cupid's arrow broke the silence
They've been together ever since

Damn you cupid you've taken another one
Shot an arrow through their hearts
And made them fall in love
Maybe this time for good

She was ambitious
It made him want her more
His sense of security
Was something she adored
Now looking back at it all
Cupid's arrow broke the silence
They've been together ever since
Damn you cupid you've taken another one
Shot an arrow through their hearts
And made them fall in love
Maybe this time for good

Cupid can make mistakes
But not in this case
Messing with love was dangerous
But a risk they were willing to take

Damn you cupid you've taken another one
Shot an arrow through their hearts
And made them fall in love
Maybe this time for good
