I know I cannot be true
I'm an animal, just like you
Oh I'll bleed just a little bit too
Oh I'll bleed just like you

I know I cannot be true
I'll bleed just a little bit too
Oh I'm just like you
I'm just an animal, just like you

I know I cannot be true
I'm an animal, just like you
Oh I'll bleed just a little bit too
I bleed just like you

I know I cannot be true
I bleed just like you
I bleed just like you
Oh I know I cannot be true

I'll bleed just a little bit too
I know just what I do
I bleed just like you
I bleed just like you

I know just what I do
I'm an animal, just like you
Oh Lord, what can I do?
Oh Lord, please help me through

I'm an animal, just like you
I know just what I do
Oh Lord, what can I do?
Oh Lord, what can I do?

I'm an animal, just like you...
