4:04

Your life is made up of contradiction and ignorance
If you were more educated you wouldn't have turned
out like this
So I'm here to show you the right way
It's not a revolution to desensitize your compassion for
human existence
I have something more important
When you die
Your beliefs lose all meaning
You're left with no excuse, no one to prosecute
When I die, I live
I have an unchanging, non-failing life
And I refuse to let your false sense of justice leave me
nothing when I die
