Featuring Bo Roc]

Yeah this is Bo Roc from the Dove Shack

G Funk representing baby

And I'm chillin with my homeboys Foesum and the
Twinz

(And I'm in the wind)

This is how we gonna set it off for all my folks

T Dubb

I see my games recognized who despise get a glimpse

I'm tryin to seperate myself from these playa hatin
sims

rollin down the backstreets with my peeps it's on again

LBC and cuz I'm off in the wind

establish myself to keep my chips on stacks

so face the facts as I bring it to you just like that

don't play me so locc, listen to the Dubb and chill

just loungin wit the homies so I'm keepin it real

now, what about those days when I was strugglin for
my pay

when times got rough and some of the homeys went
astray

but never the less I keep the facts and regards

stayin true to myself as I'm pullin your card

now break me off cuz I'm settin it off to get my props

still rollin with the fo and shakin those that jock

So peep game as I'm comin through, ooh

cuz what goes around comes around I thought you
knew

(Chorus) Bo-Roc

Oh I'm in the wind

I set it off now look around

cuz what goes around, comes around and round

it's calling to be falling but I'm balling

cuz it's all in my game, in my game

M&M-

Verse deuce

Lemme get loose

With your attention as I hit you from a whole nother
direction

Perfection, is how it started and I'm finished

cuz even though you hit the top (top)

someday you'll drop (drop), and then diminish (gone)

it's just a struggle living day to day

I count my ends sippin gin in the wind as I fade away
but some be actin like they made in the shade
cuz they paid but really and truly should've stayed
real with yo mind in the right frame
it's cool to floss like the boss but maintain the same
game

what you be thinkin it's no tellin
but I stay funkish on my ends
roll with my friends and continue bellin
it's just the way I see things as a G and,
Your lost in the zone
cuz you flossin on your own
I ain't the type to break another homey down
But what goes around comes around
you shoulda listened to the sound

(Chorus)

DJ Glaze-

Yo, I'm bellin in the names and lemme run it to ya
and spit a little game to the homeys on how it's comin
to ya

so step aside lemme slide through
while I get to peepin thangs I'm comin from my view
cuz anytime you caught up in the struggle you see it
all,
lose some of your homeys around the way and others
don't even call
(damn)

But I ain't trippin it ain't like that
if you show me love I show you homey love right back
cuz I ain't never been the type that'll ever forget about
ya

get to spreadin rumors that other some people said
about ya
cuz in the past we had fun with homeys kickin it deep
but now I'm dippin with them G's from the F to the O to
the E

and as for the females you know how they trip
anytime they see you makin chips they quick to get on
ya tip

but I ain't goin out, you shoulda stayed down
and watch who you clown
cuz what goes around comes around

(Chorus) x3
