Break em off a lil somethin
break em off a lil somethin
break em off a lil somethin
break em off a lil somethin
break em off break em off
DJ Glaze
1995 fool let me set the scenery
Long Beach Eastside and it seems to be gettin kinda
hectic
so why even trip when we dip cuz ya know we don't slip
I picked up the Gs that I'm down with
rollin in an 83 coupe and it sounds hip
somethin that Glaze hooked up on a Foe track
a dope beat that'll go plat
so what's to do
picked up Dubb and kicked couple of rhymes with my
old school crew
cuz no one knows what we go through
M&M drop the hit while we flow too
so low ridin old school beats
speakin on life is a G from the streets
so I threw it up while the beat was straight bumpin
just a lil somethin somethin
(Chorus)
Just a lil somethin rollin in a G ride
dip back and hit them switches
cuz we ridin and we slidin
all them thangs since how we cruise
rollin on the Eastside
T-Dubb-
So we comin up the backstreets and we ballin
peepin everywhere we look cuz we crawlin
try to shake the spot so lets dip
with the homeys in my ride comin up on a grip
thinkin you can fade my scene
so rough so tough with the flossy lean
no beat on dank as we step
through the LBC so fools recognize me
cuz ain't no way you could cope with the real
take a dip through the beach Eastside show my bills
gotta little somethin on my chest needs to get off
problem solved cuz we breakin em off

so Glaze put it down on this track
wit my mind on my money ain't no love for hoodrats
so flip the script cuz you know how I'm comin
T-Dubb wit a lil somethin somethin
(Chorus)
Just a lil somethin rollin in a G ride
dip back and hit them switches

cuz we ridin and we slidin
all them thangs since how we cruise
rollin on the Eastside
M&M-
So now we rollin in an 83 coupe on these
like it's the thang to do, I hit the switch with ease
2:30 and I'm coastin
saw some poppin lil skirts hit the 3 wheel motion
dipped where the (?) dwell
couldn't find dubby dubb so I paged him on an over tel
(homey where you at?)
I'm on the Eastside
crawlin on a caddy coupe, right
Here I come, T-Dubb let em know
T-Dubb-
Got a year rolled and
now I'm 24 so to lay back
so I can keep it intact
tryin to stay focus, kickin the facts
cuz Mama told me thug, there'd be days like this
when you couldn't trust no one, you gotta handle yo
mix
so I rolled wit a crew, now don't be actin like I'm so in
the juice
cuz homey don't front
if I'm not on the track then the beat just don't bump
otherwise recognize, and see how I'm comin in corners
on the
Eastside
cuz it's only ridin
if the homeys ain't playin in the year 9-5
so now who's sprung
T-Dubb LBC a lil somethin
(Chorus) x2
Just a lil somethin rollin in a G ride
dip back and hit them switches
cuz we ridin and we slidin
all them thangs since how we cruise
rollin on the Eastside
