M&M

Crept in made my way to the back
slid through the crowd now where the hoes at
cuz I'm comin in spittin game for mine
seen this hoe on my jock and she's all on my line
stepped up to her cuz I got conversation
asked her her name what hood you sayin
she was down to drink so we shook the spot
she order pink panties and Gin on the rocks
took a seat at the bar then I sipped on my drink
mellowed out, hit the smoke now she's all on my team
spittin game while I'm peepin the facts
and if I had a theme song, it'd be who's the mack
cuz she was gettin tipsy, wit me and my game's tight
and she'll be down to knock boots by the end of the
night

so I downed my drink and left an empty bottle
told the homeys I'm out and I'll get am em tomorrow
(Chorus) Bo-Roc

We say we lie, I'll blow your mind

Cuz I'm runnin game

I don't love you so

Just thought I'd let you know

I'm runnin game

DJ Glaze-

10-4-5, I'm stepped in a club to spit game so baby girl
what's ya name

I see ya in the cut tryin to peep my out
I got clout, plus I'm just a G no doubt
so let me conversation like a flossy mack
wit ya curly brown hair hangin down to ya back
I never thought I'd see a proper hoe like you
so if you got two friends hook em up with my crew
I know, you know, how we run game cuz true players
don't change

mobbin round town with the west coast sound
it's DJ Glaze, a Filipino G puttin it down, now
you should take heed to the game I'm spittin
so I keep trippin
if ya get hurt I ain't the one to blame

you shoulda known I was a pimp it's the G and I'm
runnin game

(Chorus)

We say we lie, I'll blow your mind

Cuz I'm runnin game

I don't love you so

Just thought I'd let you know

I'm runnin game

T-Dubb-

Once again it's on me to come bouncin through

wit a fifth of hennessey

mobbin fo the L-B-C

slidin wit my crew and a gang of my kinfolk

that's entered the front door and see what's poppin

Locc

12-4-5 I see skirts on the floor

doin the butterfly and dippin with a tootsie roll

as I made my way through the crowd

I seen this poppin lil skirt, hold up now

cuz she was lookin across the room to get a glimpse

movin and groovin and now the bump begin

so I intervene on the scene, with that lean

she peepin me out if you know what I mean

we was groovin in the back of the club so don't shove

she had me posted up and sayin come on Dubb

so I had to break it down like a G would do

sippin on drank gettin doubt from my crew

ain't no shame in my game, what you seein

it's me T-Dubb and the homeys straight G'ing

time to leave the scene and hit a spot

so go and put it down on this track Bo-Roc

(Chorus)

We say we lie, I'll blow your mind

Cuz I'm runnin game

I don't love you so

Just thought I'd let you know

I'm runnin game

Keep runnin, keep on runnin, keep runnin, keep on

runnin

We say we lie, I'll blow your mind

Cuz I'm runnin game

I don't love you so

Just thought I'd let you know

I'm runnin game

Keep runnin, keep on runnin, keep runnin, keep on

runnin
