### Chorus

Jammin' fiesta we champions  
Everybody yell the anthem  
yes we stand & deliver  
Jammin' fiesta we champions  
Everybody yell the anthem  
yes we stand & deliver

### Verse 1

We've dug for the gold and mined for the diamonds  
Fought in the trenches relentlessly grindin'  
Don't lose religion to feed the urge  
We've sought definition I've said every word  
A hundred novels hear the gospel of the kindred  
I'm a novelty hip hop's instinc to my nature  
Like Bunny, Bob Marley & Peter to the Wailers  
Like water sailors and latin to the Moors  
Chorus Repeats

### Verse 2

The forced payoff was ordered by the mob boss  
Job layoff came back with a molitoff  
So piss off you're buggin' me with shit talk  
You're liquor liftoff is taking this a bit far  
Even I be starting to drift off envision us parting ways  
and you get lost  
Birth's at midnight - murder's at noon  
They found Religion in the emergency room  
Don't wait till it's too late give them their flowers  
I've said it before a reminder every hour on the news  
Showerd by who's gone and left here  
Pain is sour sweet memories next year  
Plowed the field once - Worked the yard now we  
Posse up to form international guard shall we  
Act as a unit with grip on the objective  
Yall dance to the music any clique that tou reppin
