Listen to my blue bird laugh she can tell you why,  
Deep within her heart you see, she knows only right  
Whoa-oo just light  
There she sits this lofty bird the strangest color blue  
Flying is forgotten now she thinks only of you  
Woo just you  
So get all those blues, must be a thousand hues, and  
each is differently used  
You just know, you sit there mezmerized by the depth  
of her eyes  
And if you categorize she got soul, she got soul, she  
got soul

Soon she's gon' to fly away, her sadness is her own  
Leave beside her bath of tears, she'll go home
