I need love
And I search it everyplace I go
And lately I been in a zone
It's got a will of it's own
But right now I'm here to discuss
Just what you think about us
I need love, I need love
And I'm checkin everything I see
You know at times I wanna take on three
That's just the way I could be
I let you know about that
Just so you know where I'm at
I need love, I need love
It's always been this way and ain't' nothin'
Gonna change it
And ain't nothing you can try
I need love, I need love
And I'm takin every chance I man
And baby you could make my day
There's just one thing I should say
Now that's it's all said and done
You know I do need to run
I need love, I need love
