It's time to be clear
god news of his passing
and I'm stuck, singing here.
I want to peel the wallpaper and swing from chandelier.
something to show that I know
it's time to be clear.

I can handle what's given
I can make mystry mine
and sing it with feeling, rythm and rhyme.
and make you all marvel that this is your time and
holler
"It's time to be clear".

stop all the moaning and bemoaning of fate
god isn't listening or else it's too late.
This is your song and your song it is great.
we're singing "it's time to be clear".
time to be clear and leave our old worlds and build new
stories here.
Lover oh lover please buy me a beer
and bring all your enemies here
