Have you heard a single word ive said?
Time to brush the crumbs out of your bed
do i want a life of leisure?
what the hell is wrong with me?
first a tremor,then a seizure
middle aged lobotomy
Unrepentant scofflaw on the lam
Layin waste to all the best laid plans
I swear the gingkos working in reverse
C is for the casanova
Us unglued and never over
N is for the noose you knotted
T is for the tears i blotted
C is carbon tetrachloride
U stands for im standing upright
N is not for non infectious
Ts translating little lectures
Erect the barricade - and call off the crusade
Don't you point that thing at me
There's no such thing as gravity
I gave you a mountain
You gave me pain,but...
Why are the pretty ones always insane?
C is for contamination
Undergoing litigation
N is never never land and
T is for the tramp i am
Cs committing cunnilingus
U unless the odor lingers
N is no assembly needed
T is for the truth mistreated
Look at all the ugly people
Diggin holes to pass the time
Semi spastic weak and feeble
Never ending pantomime
You come equipped and be prepared
A roll of duct tape,a cattle prod and a polygraph
machine
C is for the crumbs you throw me
U is you don't even know me
N is not for understanding
T is trust that's too demanding

C is for the country teaser look at all the ugly people
U is upright in your freezer fillin holes to pass the time
N is for the end of meaning non elastic weak and
feeble
T is in the tower leaning never ending pan
