Its not a crime if you don't get caught
A marriage made in the emergency ward
Id rather ride the roller coaster than the merry go
round
My brain conspires against me
A self fulfilling prophecy
Id rather eat peaches than taste that golden brown
No one that you can rely on
Long ago i gave up tryin
No one on whom you can depend
And i got a home i gotta defend
(here we go again)
Its getting harder to relate
Its such a bitch to just stay grounded
Please tell me that it's not too late
That my fears are all unfounded
Its a steady downhill slide
And the screws are turning tighter
And you never will unwind
Your complexions turning whiter
QUICK FIX
You reap what you sow...and i oughta know
You reap what you sow...and i oughta know
You reap what you sow...and i oughta know
You reap what you sow.....
QUICK FIX
Liquid courage and powdered panache
Stolen light late night gate crash
Long heedless of the pipes and needles
Scattered on the ground
Its too late for apologies
There's no respect - no boundaries
Barricade the building
Burn the projects down
No one that you can rely on
Long ago i gave up tryin
No one on whom you can depend
And i got a head i gotta defend
(here we go again)
Its getting harder to relate
Its such a bitch to just stay grounded
Please tell me that it's not too late

That my fears are all unfounded
Its a steady downhill slide
And the noose is getting tighter
And you never will unwind
Your complexions turning whiter
QUICK FIX
You reap what you sow...and i oughta know
You reap what you sow...and
