Wait a minute-
There ain't no atheists in foxholes
You got to
Stand by the edge of the grave for most of your life
It's said that
Me and my mental health don't agree most times
Why ask why?
I've dug a few graves in my time

If you don't pay attention
It's your fault until the end of the day
That you turn turn turn turn turn and find me
Stealin' your life away - steal your life away

Throw in the towel - don't be wasteful (recycle)
I'm stealing your mind away
Stealing your mind away
You won't suspect that your next breath is your last

And I'm a garbage disposal expert
And I can taste the exhaust and the gas
Take it all away
Stealin' your life away

If you don't pay no attention
It's your fault until the end of the day
That you turn turn turn turn turn and find me
Stealin' your life away
I'll steal your life away

This whole trip is eternal
Put your head between your legs
You better fasten your seatbelt baby
I'm stealin' your mind away
Stealin' your mind away

I'm feeling suicidal
I'm feeling homicidal
I'm feeling suicidal
I'm feeling homicidal
I'm FEELING HOMICIDAL
