Pins and needles
Needles and pins
A happy man is a man that wins
Just waitin for ships that never come in
But it aint over til the fat lady sings
Pins and needles
Needles and pills
A happy man is a man that kills
Thru the clouds up the mouhntain
I took the back stairs
You got me confused with someone who cares
Swastikas driftin outa my credo
I left my libido in a rented tuxedo
The low man on the totem pole
Well im-a gettin old, im-a gettin sold
Feast or famine baby banquet or beast
You got me confused
With someone who cares
Whatever don't kill you makes you stronger
Into the eye of the hurricane
I worry about what never happens
There's a last time for everything
Pins and needles
Needles and pins
A happy man is a man that wins
Beast or famine baby beggar or beast
You got me confused
With someone who cares
With someone who cares
Pins and needles
Needles and pills
