Across the vein of night  
There cuts a path of searing light  
Burning like a beacon  
On the edges of our sight  
At the point of total darkness  
And the lights divine divide  
A soul can let its shadow stretch  
And land on either side --  
either side.  
And balanced on the precipice  
The moment must reveal  
Naked in the face of time  
Our race within the wheel  
As we hang beneath the heavens  
And we hover over hell  
Our hearts become the instruments  
We learn to play so well.  
Wealthy the spirit that knows its  
own flight  
Stealthy the hunter who slays  
his own fright  
Blessed the traveler who journeys  
the length of the light.  
Outside the pull of gravity  
Beyond the spectral veil  
Within our careful reasoning  
We search to no avail  
For the constant in the chaos  
For the fulcrum in the void  
Following a destiny  
Our steps cannot avoid.  
Across the vein of night  
There cuts a path of searing light  
Burning like a beacon  
On the edges of our sight  
At the point of total darkness  
And the lights divine divide  
A soul can let its shadow  
Stretch and land on either side.  
Wealthy the spirit that knows its  
own flight

Stealthy the hunter who slays  
his own fright  
Blessed the traveler who journeys  
the length of the light.  
In a spiral never-ending  
Are we drawn towards the source  
Spinning at the mercy of an  
unrelenting force  
So we stare into the emptiness  
and fall beneath the weight  
Circling the Nexus in a  
fevered dance with fate --  
Wealthy the spirit that knows its  
own flight  
Stealthy the hunter who slays  
his own fright  
Blessed the traveler who journeys  
the length of the light.
