(Disk 2 of 2)

Every time we speak  
Our words betray intentions  
Insincere inventions  
That never quite reach the heart  
So we turn the other cheek  
And gather our defenses  
Again, rebuild the fences  
That just been keeping us apart.

Waiting out the worst  
We keep the best inside us  
In hopes our hearts can't hide us  
In hopes our tears don't show  
And you know we're not the first  
to try and breach the distance  
And though we meet resistance  
The love between us grows.

And in the time it takes us  
to look beyond the lies  
We could be sailing through  
each other's eyes  
And in those stolen moments  
when love is caught off guard  
We see it never had to be  
this hard.

Every time we speak  
Our words betray intentions  
Insincere inventions  
That never quite reach the heart  
So we turn the other cheek  
And gather our defenses  
Again, rebuild the fences  
That just been keeping us apart.

And in the time it takes us  
to look beyond the lies  
We could be sailing through

each other's eyes  
And in those stolen moments  
when love is caught off guard  
We see it never had to be  
this hard.
