Peeverett - Riff Bros. Music - ASCAP

I had a woman, all's she did was run me down,
She changed our love to jealousy, and my smile into a
frown.
Now I've been hurt so many times, but I guess I'll never
learn.
Now I'm standin' in confusion, I don't know which way
to turn.
'Cause I still love that woman, please don't ask me why,
We can make it if we try.

She passed by in a limousine, and slowly waved her
hand,
A mink around her shoulders, and her arms around a
man.
Now I was so amazed I couldn't find a thing to say,
Just stood awhile and tried to smile, but she looked the
other way.
Cruisin' through the city, she almost knocked me down,
I jump back when I hear that sound.

Don't run me down - Don't run me down - Don't run me
down.
My nerves are shakin' and my heart is breakin', don't
run me down!

Here stands a troubled man who's tired of bein'
abused,
I'm tired of walkin' by myself, bewildered and
confused.
I've got to leave you baby, but I just can't let you go,
Now I'm inclined to change my mind when tears begin
to flow.
Run me down, turn me around, I say no but you do it
anyway.
You tell me lies, but I've got wise. What can I say? What
can I say?

Don't run me down - Don't run me down - Don't run me
down,
My body's shakin and my heart is achin', don't run me
down!

{Rod - Solo}

Don't run me down - Don't run me down - Don't run me
down

My body's shakin and my heart is achin', don't run me
down!

My body's shakin and my heart is achin', don't run me
down!

(Don't run me down, Don't run me down - Don't run me
down, Don't run me down)

(Don't run me down, Don't run me down - Don't run me
down, Don't run me down....)

Don't run me down

(Don't run me down, Don't run me down)

No no

(Don't run me down, Don't run me down)

I hate to leave you baby

(Don't run me down)

Don't run me down,

(Don't run me down,)

Don't run me, run me run me.....no!
