Working on a night shift  
High on a 'fore day drive  
I'm energized from sundown to sunrise  
And I'll sleep from nine to five  
Shadows fallin' all down the line  
Get ready 'cause it's night shift time

Living, loving  
Searching high and low  
Feel the fire  
I'm hooked to a live wire  
And I can't let go  
I got a feeling that I can't mistake  
Sun rises and I'm still awake

I'll play my music  
I don't mind working overtime  
And if I lose it I'll come to you  
And you'll give me peace of mind

~ Rod - Solo ~

I get home early in the morning  
I love to get next to you  
You touch me and you thrill me  
You know what to do

~ Dave - Scat Solo ~

Working on a night shift  
You tell me something's got to give  
I don't mind 'cause I'm feelin' fine  
And I love the life I live  
Shadows fallin' on down the line  
Get ready 'cause it's night shift time
