Sarah Lee can't you see  
Why I'm cryin' like a child  
You had your fun but what you've done  
Has made me mad and drove me wild

You used to be good to me  
And now you're always raising sand  
And it's so strange how you've changed  
And now I don't know where I stand

Well I went down to the roadside  
When your wheels began to turn  
I called your name  
But you just drove away, yeah  
Times I wonder, will I ever learn

Sarah Lee, look at me  
See those lines upon my face  
I'm so confused and I been abused  
I can hardly stand the pace

The things you did  
And the truth you hid  
They caused me pain and misery  
And there's no doubt  
'Cause I checked it out  
You've been double-crossing me

Well, I went down to the station  
I saw you step onto that train  
But someone else was close beside you  
Now I wonder, will I see you again
