Back in the schoolyard, life wasn't so hard  
But I couldn't wait to leave  
I left school at sixteen, tired of the routine  
Money is what I need

I got into the job line  
But there's no work for my kind  
No school tie and no degree  
No chance for me

I found some employment but still no enjoyment  
I worked in a factory  
I picked up my wages, the first time in ages  
It don't seem enough to me

The years go by in slow time  
Became a man in no time  
You came along, the time was right  
Turned on the light

Gonna love my life away  
I wish I could  
(I wish I could)  
Girl, you're leadin' me astray  
I've been misunderstood  
(Misunderstood)  
Oh, I'm in my second childhood, oh

Back on the breadline, seemed like a long time  
The waiting was all in vain  
I spent my vacation down at the station  
Waving to all the trains

After this deep depression  
I shoulda learned my lesson  
I found you in the nick of time  
Who'll buy the wine?

Gonna love my life away  
I wish I could  
(I wish I could)  
Girl, you're leadin' me astray

I've been misunderstood  
(Misunderstood)  
Oh, I'm in my second childhood, oh

It's hard to act my age now, I'm goin' through that  
stage now  
You make me feel good, you make me feel good  
Now, I don't feel so grown up 'cause every time you  
phone up  
You make me feel good, you make me feel good

Gonna love my life away  
I wish I could  
(I wish I could)  
Girl, you're leadin' me astray  
I've been misunderstood  
(Misunderstood)

Oh, I'm in my second childhood  
Oh, I'm in my second childhood, yeah, yeah  
I'm in my second childhood, oh
