Ah yeah, whoa, ah yeah

Take it or leave it, tell me what you wanna do
Take it or leave it, now the choice is up to you
Can't wait until tomorrow, tomorrow may be too late
Take away the sorrow, I can't wait

Take it or leave it, can't I make you understand?
If you can believe it, you hold the future in your hand
If the choice was up to me girl, you would stay by my
side
Our world would be a free world, ain't no lie

If our love was in vain, who's gonna help me, hide the
pain
Lonely days, lonely nights, without you girl, it's just not
right

Oh, it's just not right, whoa

Take it or leave it, I can't wait another day
I got love if you need it, won't you tell me right away
Losin' track of all the hours, hours run into days
My mind is runnin' out of power, you got me in a haze

Take it or leave it, take it or leave it
Got love if you need it, whoa, take it or leave it
Baby I want to know, I've got to know
Now if you need my love, tell me right now

Oh yeah, tell me right now, yeah, yeah
Lonely days, lonely nights
You know baby, it's a, it's just not right
