Did I lose your love a long time ago
Did I just wear it out, baby I don't know

Cos it seems like any more we're not on the same
page
In the same book or on the same stage
We say the words but they feel on wrong
Like a happy blues, like a sad love song

How two people can bow and scrape
For every shred of tenderness
Can love stand the test of time that surrounds us
Memories that astound us, joy and happiness
Can love stand the test

A long time ago, or was it just yesterday
Why would we fall out of love, baby who can say
Don't look at me like I'm a stranger now
Have I changed that much, baby tell me how

How two people can bow and scrape
For every shred of tenderness
Can love stand the test of time that surrounds us
Moments that astound us, joy and happiness
Can love stand the test

We said forever, for always, for good
But the years were not impressed
Can love stand the test of time that surrounds us
Moments that astound us
Can love stand the test of time that surrounds us
Moments that astound us, joy and happiness
Joy and happiness
Joy and happiness
